1. Make a 10 bead loop of yellow beads. Twist the 2 wires just once under this loop.
2. String 16-20 more beads of the contrasting color and make a loop perpendicular to the 10 bead loop so that the wires cross on the top of the loop. The exact number of beads is determined by how many it takes to make the second loop. (See photo, enlarged for clarity.)
3. Twist the wire under the crossover and cut from the spool.
