

Heart Shaped Petal

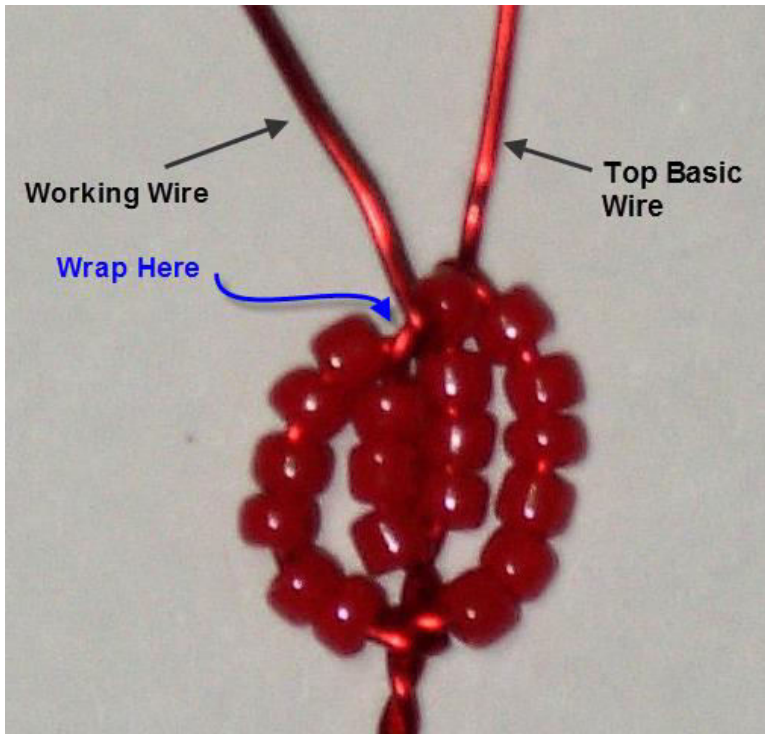

©Caren Cohen

Start by making a 3 bead basic, 3 rows, Round Top, Round Bottom.

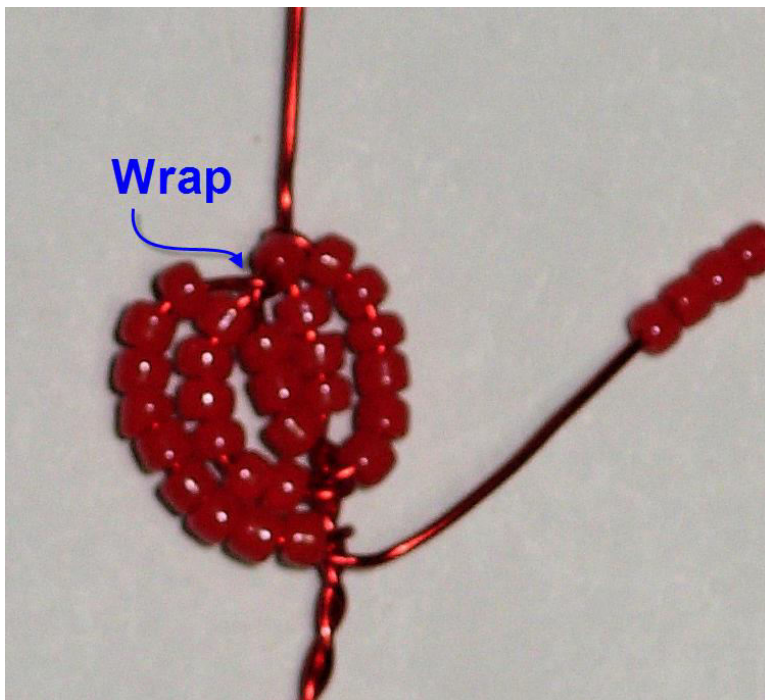

To complete the next wrap you need to cut the working wire and remove all beads.

Cut the wire long enough to complete the additional rows.

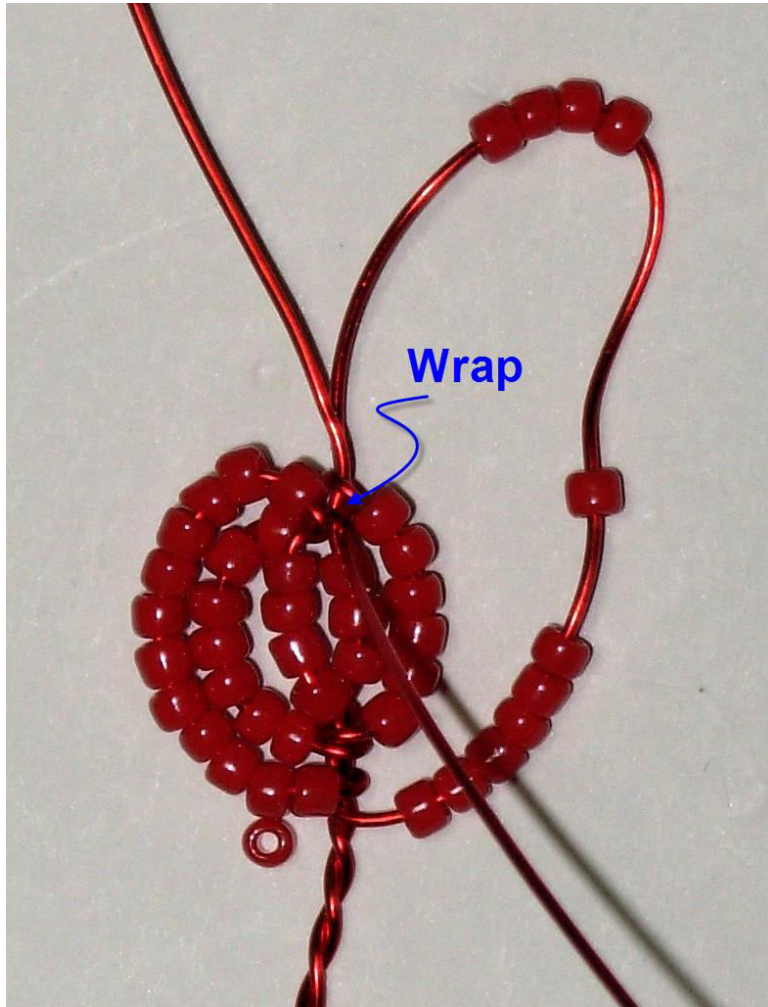

With your working wire measure beads to reach the top of Row 1.

Wrap the wire from the back to the front between the last bed or Row 1 and the basic row,.

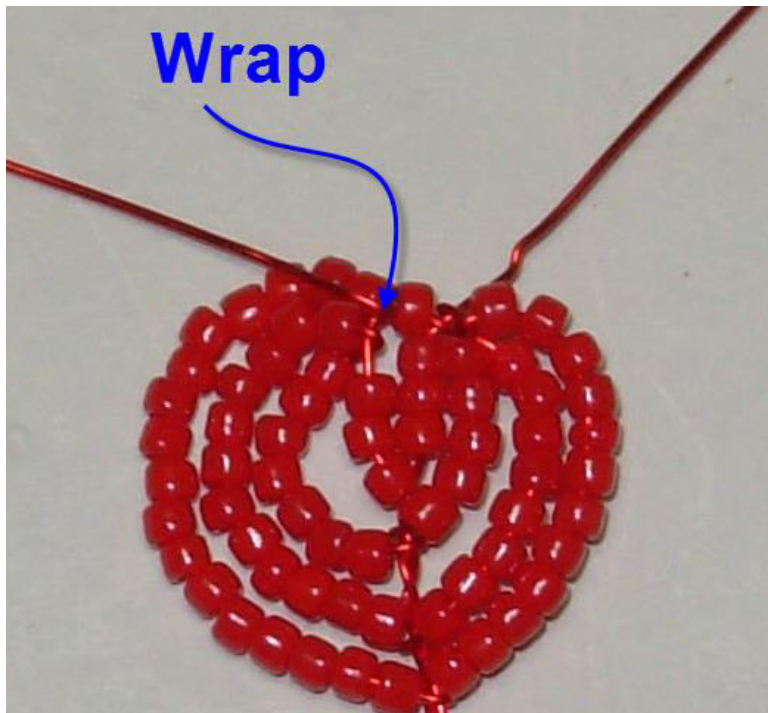

Add beads and complete a row going back down the same side.

As you bead this row, shape the top to form the dip in the middle of the heart.

Do the same on the other side, wrapping between the last bead of Row 3 and the basic wire.

For the next row, the wrap is between the basic row and the row before this one. The placement of the wrap can change to get a better heart shape.
